PROFILE

As an IT student, I am passionate about using technology to solve real-world problems and create innovative solutions. I have a strong academic background in computer science and information technology with solid skills in programming, database management, networking, and cybersecurity. I am a quick learner, highly organized, and have excellent communication skills. I am eager to gain hands-on experience through internships or entry-level positions and am confident that my skills and passion will make me a valuable asset to any organization.
